"It takes time, but it's so worth your effort"... My 7 year old daughter Grace and I just came back from a trip to China! This picture was taken in an orphanage where we painted, brought supplies, and just loved on the kids... Grace has been attending China Tree for three years and she was able to speak to this little girl, it was a beautiful thing to watch! Dan and I feel that we are giving Grace a "lifelong gift" by continuing our commitment to give her the tools to learn the Chinese language. Would she ever think she wanted to learn Chinese on her own, absolutely not, but Grace has grown to LOVE this language and culture because we have continued to stay committed to giving her the OPPORTUNITY to learn! I wanted to take a minute to encourage each of you to think of the opportunity you can give your child by giving them this "lifelong gift" of learning Chinese. It takes time

(sometimes a lot of time) but let your child have a chance to embrace this amazing language and culture!!

About Us

China Tree School

Why China Tree?

China Tree Chinese Culture and Language School provides the opportunity for children to discover the wonderful Chinese language and culture in an academic setting. Our children began a wonderful journey from China and have now become a blend of Chinese and American cultures. We hope to give these kids a chance to develop their unique identities and to promote confidence and success as they mature and grow. China Tree is a place for kids and families to find a common ground with others who are just like them. We welcome all siblings and friends to join us at our school.

Where is the school?

China Tree Chinese Culture and Language School meets every Sunday on the Kennesaw State University (KSU) campus from 2:00-4:00PM. Please see our website for a map and directions www.chinatree.org.

China Tree 2009 Winter Semester Sign Up

We are now accepting applications for the 2009 winter semester. Classes will begin Jan 11, - April 25, 2009.

Please go to the website chinatree.org to enroll for the winter session. This is for all new and returning students. We ask that you enroll by January 5th to insure your placement as class size is limited.

We have expanded the school with an additional location in Gwinnett county. For our Gwinnett students, please indicate on the enrollment application that you will be attending the Gwinnett location. [More Sign Up Information....](#)

China Tree Students of the Month

Anna and Lily Akins

Anna (9 yrs old, 4th grade): "I like going to Chinese school because we get to learn the Chinese language and when we go there one day, we'll be able to understand what they are saying."

Lily (6 yrs old, Kindergarten): "I like going there because we get to learn new songs in Chinese and we get to make fun stuff."

Teachers Corner

Ming Haddad

"This is first time I teach young kids. It's completely different from my past experience teaching college students. When I was asked to teach at China Tree, I was not sure I could handle kids at such a young age. I am happy to say that it has been an exciting and rewarding experience. I am also pleased to see my students are learning and enjoying the new language. My goal is to get them to learn as much as possible and have fun at the same time. I am happy to be a member of the China Tree team."
